ENGLISH

Datasheet

Nitrile Rubber O-Ring Cord, 3mm Diam. , 8.5m Long

RS Stock number 1591490

Features

Nitrile O-Ring Splicing Kit

Nitrile NBR70 splicing kit for fast, on the spot production of O-Rings, reducing down time. Replacement Nitrile O-Ring cord is available separately, from 1.6mm to 8.4mm diameter.
Nitrile (NBR) is suitable for use within applications running at a maximum continuous temperature of 120°C (or up to 150°C intermittently). Use below -30°C requires special consideration.

Note
Each size of O-Ring cord is sold per reel of 8.5m.

O-Ring Kits
Precisely engineered Imperial and Metric O-Rings in kit form, manufactured from materials including Viton®, Nitrile rubber and FPM.

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
