RS 5 Shelf Shelving System Kitting Options

RS Components 5 Shelf Shelving System is a robust boltless heavy duty hand loaded shelving system suitable for a wide range of every day applications in office, garage and workshop environments.

It can also be fully kitted with RS stocked bin products as shown in the following examples.

RS 5 Shelf Shelving System			
Size H x W x D (mm)	RS Stock Code	No. of Shelves	Shelf Capacity (Kg)
1800 x 900 x 450	771-9180	5	265
1800 x 1200 x 450	771-9199	5	265
1800 x 900 x 600	813-3228	5	265
1800 x 1200 x 600	813-3237	5	265

The design allows for quick assembly without the need for any special tools as the precision manufactured components are simply knocked into place with a soft faced mallet.

The upright is pierced to offer full adjustability at 35mm pitches in the height and each shelf is capable of carrying uniformly distributed loads up to 265Kg.

Bays are supplied with 5 chipboard shelf levels.

RS Stackable Bins

The two widths of the 450mm deep bays that are available can be fully loaded with Size 4 RS Stackable Bins, as illustrated, fully utilising the bay space.

This gives the perfect solution for storing multiple small goods and allowing for ease of identification.
